

Ms. Gina Banus

Hello, my name is Gina Banus. I'm originally from Indonesia & have been living in the USA for almost 30 years. I came to USA because I married a US Marine. I have lived in Hawaii, NC, GA and now in VA due to his duty where he retired after thirty years serving his country in the military. We have two sons; my older is a US Marine and married too, he is now stationed in NC; my younger son is in seventh grade in Holy Cross Academy where I also work since he was started as a kindergartener in August 2015. I work here as a part timer in Aviat extended care staff and also as a cafeteria/kitchen staff.

Before I married, I worked as a secretary and a HRD/personnel staff at a tour & travel company that had led me to meet my children's father. I loved my former job/career and now I love working here to serve the children. The HCA faculty & staff is like a big family to me.
